WHY ETERNITY?

Eternity tiles are the Glazed Vitrified Tiles that are unlike anything you have seen before.

The extraordinary aesthetic appeal of our tiles is the outcome of the skill and passion of European master designers. The designs, though contemporary, evoke a feeling of timelessness.

Eternity tiles are surprisingly strong, possessing high flexural and breaking strength. Almost 100% non-porus, the tiles do not allow water to seep through.

Driven by quality, Eternity tiles go the distance by meeting the highest global standards at every step of the way.

TIMELESS ELEGANCE

Trend's distinctive designs are the pinnacle of style and refinement. The collection stands out for its sophisticated and attractive patterns, which continue to stay elegant for years. The Trend line includes floor and wall tiles to fit all tastes and decor sensibilities, from contemporary to classic and from urban to rural spaces. It delivers the newest trends with a delicate and sleek finish.

** Vitrified tiles have resistance to most of the stains / chemicals but, it is recommended to take due care while laying and for day-to-day maintenance.

Resistance to acids & alkalies (Exception of Hydrofluoric Acid & its Compounds)

- Colours in the catalogue are as accurate as printing process allows.
Please check actual tile sample before making the final selection.
- Sizes mentioned in the catalogue are nominal sizes only.
- No claim will be entertained once the tiles are fixed.
- For better laying, please follow the instructions on the packaging box.
- In case it is required to lay the tiles on wall or floor in STAGGERED PATTERN, then always lay them in Overlap 20:80 ratio, as shown in VISUAL 1 instead of Brick pattern (overlap 50:50 ratio), as shown in VISUAL 2.
- Please make sure to check the shade/finish with the sales agent/dealer before making the final purchase because there might be variation in actual finish and that shown in the catalogue. The company will not bear any loss in such case.
